LOW INCOME HEALTH PROGRAM (LIHP)

The San Diego Low Income Health Program (LIHP) is a program for eligible adults, which covers a core set of physical and mental health services.

LIHP consists of 2 components, the Medicaid Coverage Expansion (MCE) and Health Care Coverage Initiative (HCCI).

- MCE – covers individuals with income up to and including 133% of the Federal Poverty Level (FPL).
- HCCI – covers individuals with income above 133%, up to and including 200% FPL.

San Diego's LIHP will offer new enrollment to the MCE portion of LIHP. No new enrollment into HCCI will be allowed per State requirements. Those individuals already enrolled in HCCI who have income within the HCCI range, and who continue to meet eligibility criteria and requirements, will continue to receive services.

The County of San Diego Health and Human Services Agency operates the Low Income Health Program (LIHP) and AmeriChoice manages the day-to-day business. LIHP helps uninsured adult county residents to get medical care and limited mental health services. LIHP uses a network of community health centers, private physicians, public and private mental health clinics, and local hospitals to provide the services.

LIHP covers the cost of your immediate and on-going medical care. Conditions like pregnancy and organ transplants are never covered. Other services may have limited coverage.

County of San Diego LIHP Enrollee Handbook

There is no cost sharing (monthly premiums or share of cost) or co-payments required in LIHP.

This handbook tells you where and how to receive LIHP medical and mental health services, and what care is available to you.

Handbook – Online Version

The following link can be used for accessing the online version of this handbook: www.sдлиhp.org

LIHP does not guarantee payment of all medical services. LIHP guidelines and requirements must be met in order for payment to occur. You will be notified if payment for your medical bill is denied.

- Apply online at www.mybenefitscalwin.org by selecting the Medi-Cal option.
- Mail a Medi-Cal application to the County.
- Walk in to any of the local Health and Human Services Agency Family Resource Centers (FRC) listed on page 2.

Your application will first be evaluated for Medi-Cal, and if you are not eligible, the County will automatically evaluate your application for LIHP. The County will contact you if additional information is needed.

If you qualify for LIHP you:

- Will be initially approved for up to 12 months.
- Will be asked to choose one of the community health centers as your primary care provider.
- Will receive a LIHP card and a Notice of Action. When you receive any medical service, you should show your card or your Notice of Action to the medical provider. Your provider can also verify your eligibility through the LIHP Provider On-Line Verification website (www.sdcmspov.com) by the Member ID Number listed on your LIHP card.

Retroactive Coverage

LIHP/MCE offers 1 month retroactive coverage. If you received services in the month before your date of application for

County of San Diego LIHP Enrollee Handbook

LIHP/MCE (but no earlier than July 1, 2011), you should tell your eligibility worker that you wish to apply for LIHP/MCE retroactive coverage. You may be required to provide additional documentation relating to the retroactive month. This is a separate eligibility evaluation process. Separate notices will be sent to inform you of whether you have been approved or denied for the retroactive month.

If you are approved retroactive coverage, LIHP may cover bills for services you received in the retroactive month you were approved for. You need to advise your health providers to bill LIHP for your services.

When Your Card Expires

Before your card expires, you will need to be evaluated for ongoing LIHP coverage.

There are 3 ways to apply for ongoing coverage by LIHP:

- Apply online at www.mybenefitscalwin.org by selecting the Medi-Cal option.

To renew, go to one of the HHSA locations listed on page 2 to apply for ongoing coverage.

County of San Diego LIHP Enrollee Handbook

If you are admitted to the hospital through the emergency room and your LIHP card has expired, the hospital may arrange for you to complete an application while you are in the hospital.

Each time you apply for LIHP you will be asked to provide:

- Proof of identity
- Proof of county residence
- Proof of immigration status, if applicable
- Proof of your current income

IF YOU ARE FOUND TO BE ELIGIBLE, LIHP WILL ONLY PAY FOR LIHP COVERED SERVICES THAT HAVE NOT BEEN PAID FOR. LIHP WILL NOT REIMBURSE YOU FOR BILLS YOU HAVE ALREADY PAID.

What to Do When You Have Been Injured By Another Person

If another person causes your injury, that person may be responsible for paying for your medical care. Tell LIHP whenever you have been injured in an accident, including on-the-job injuries. You can call the Third Party Liability section of LIHP at (866) 262-9881 to report the accident.

Selecting a Primary Care Provider

After approval of your eligibility, you will be asked to select one of the community health center clinics as your primary care provider. The primary care provider you selected will be on the front of your LIHP card.

Your primary care provider coordinates your medical care, as appropriate, either by providing treatment or by sending a Treatment Authorization Request (TAR) to LIHP for treatment that needs approval by LIHP in advance.

County of San Diego LIHP Enrollee Handbook

County of San Diego LIHP Enrollee Handbook

HOW TO RECEIVE LIHP SERVICES

When you are eligible for LIHP, be sure to follow these instructions so your health care is covered.

Dental Services

Emergency dental services are available to LIHP enrollees. Services are limited to urgent and emergent conditions that are due to trauma or ease acute pain. LIHP does not provide complete dental care such as routine check-ups, preventive care or prophylaxis cleaning. LIHP Dental Locations are on page 28.

After-Hours Nurse

If you want health advice after your medical clinic has closed, a nurse is available to answer your questions. To access the nurse, call your medical clinic and you will be connected to an after-hours nurse line.

Emergency Room Services

Emergency room services are ONLY covered if the medical problem requires immediate attention and if the emergency condition is within the LIHP Scope of Services. An emergency is a health problem that:

- Happens suddenly and has very serious symptoms
- Could cause serious injury or damage to your body if you do not see a doctor right away

Inpatient Services

LIHP covers all of the cost of inpatient services if:

- You are admitted for a covered condition;
- You are admitted because of an emergency; or

County of San Diego LIHP Enrollee Handbook

- Your doctor obtains authorization before admitting you to the hospital for a non-emergent reason.

If you get admitted through the emergency room, show your LIHP card to the hospital admitting staff. Your provider can also verify your eligibility through the LIHP Provider On-Line Verification website (www.sdcmspov.com) by the Member ID Number listed on your LIHP card.

Out-of-County Services

LIHP pays for only emergency services provided in hospital emergency rooms for emergency medical conditions, and/or required post-stabilization care.

The emergency provider, as a condition for receiving payment for emergency services, must notify the San Diego LIHP at (858) 658-8650 (or by fax at (855) 394-7927) within 24 hours of admitting you into the emergency room. The admission must meet the approval protocols established by the San Diego LIHP.

- Geographic locations where LIHP will cover services:
 - United States, District of Columbia, Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands and American Samoa.
 - LIHP will not cover services in any other locations than those listed above
- Locations where LIHP is and is not required to cover services:
 - LIHP is not required to pay providers for out-of-network emergency services provided in settings other than a hospital emergency room, such as a physician's office or

County of San Diego LIHP Enrollee Handbook

urgent care clinic, even if those services are for an emergency medical condition.

- **Balance billing:**
 - Out-of-network providers must accept LIHP rates as payment in full for services provided to MCE enrollees. Providers may not bill MCE enrollees or otherwise hold MCE enrollees liable for payment. If the local LIHP denies payment for emergency services or post-stabilization care based on the provider's failure to notify the local LIHP or comply with the local LIHP's protocol, the provider may not bill the MCE enrollee for the services.

Further information can be found in the California Department of Health Care Services Out-of-Network Provider Bulletin. The bulletin can be found at: <http://files.medi-cal.ca.gov/pubsdoco/bulletins/artfull/ips201202.asp#a3>.

Outpatient Services

Except for emergencies, always contact your primary care provider for your care. The community health center you selected is your primary care provider. Your primary care provider will provide or arrange for all the care that you need. You can access all the covered services listed on pages 7 and 8 (excluding "Services Never Covered by LIHP") through your primary care provider.

Pharmacy Services

LIHP provides covered prescription medicine listed in the LIHP Formulary, which can be found at www.sдлиhp.org.

All prescriptions funded by LIHP must be Food & Drug Administration (FDA) approved.

County of San Diego LIHP Enrollee Handbook

If your physician prescribes a medicine that is not covered by LIHP, the pharmacist or your physician must request authorization from LIHP before filling your prescription. If LIHP does not authorize the medicine, you may choose to pay for it yourself or talk with your physician for other medicine choices.

All prescriptions must be filled by a pharmacy serving LIHP (listed starting on page 42) or by your primary care provider. You must show your LIHP card or Notice of Action to prove eligibility. If you do not show proof of eligibility, you may be asked to pay for your prescription.

If you fill your prescription at a pharmacy that does not serve LIHP or you fill a prescription for medicine that LIHP did not authorize, you are responsible for paying for the medicine yourself. LIHP will not reimburse you.

Specialty Physician Referrals

LIHP medical staff must approve health care that cannot be provided by your primary care provider in advance. Your primary care provider will tell you if the service has been approved and may help you to make your appointment with the specialist before the approval expires. If the service is not approved, you will receive a written denial from LIHP. To find the nearest specialty provider by you, call 1-800-587-8118.

What to Do When Providers Bill You

Do not ignore bills that you receive from health care providers for services that have been approved by LIHP. Do not send your bills to LIHP. Instead, call the provider who billed you and explain that

County of San Diego LIHP Enrollee Handbook

you are eligible for LIHP. Give the provider your Member ID Number, which is on the front of your LIHP card. Your provider can verify your eligibility through the LIHP Provider On-Line Verification website (www.sdcmspov.com) by your Member ID Number.

If you fail to notify your provider that you have LIHP, you will be responsible for payment of the provider's bill. If the provider has questions, ask them to call LIHP at (800) 587-8118.

County of San Diego LIHP Enrollee Handbook
